Requirements to [REDACTED]

25X1X6

We understand that [REDACTED] has worked on industrial problems of the Russian Arctic. It would be appreciated if the following questions would be asked of him:

1. To what extent are the Russians developing the Arctic industrially? What specific industries?
2. Did he work on specific areas in the Russian Arctic? If so, what were they?
3. Does he have any information or knowledge on the financial investment made by the Russians in the Arctic, industrially or otherwise, including operational costs, capital investment, etc.?
4. Has he knowledge on industrial production in the Arctic?
5. Has any of his work been published in any form? If so, is it available to us? This means anything he has done on the Russian Arctic in addition to his participation [REDACTED]
